

2011 ADHD Conference

ADHD Research into Practice: A Global View

The Toronto Marriott Downtown Eaton Centre
525 Bay Street, Toronto, Ontario M5G 2L2

October 14th (evening), 15th and 16th (full days)

This conference precedes the joint AACAP/CACAP conference in Toronto

Target Audience

Paediatricians, psychiatrists, family physicians, psychologists, social workers, other professionals and trainees

Conference Overview

This year's conference will feature more nationally and internationally renowned speakers than ever before, with a focus on current research translated into best practices. The conference will have an international perspective; many speakers will address research findings from a variety of countries. The meeting offers a variety of symposia, plenaries, workshops, posters and consultative sessions with ADHD experts.
