

You are invited to attend:

## Dispelling the Myths & Misinformation about ADHD

Presented by:

Dr. Shirish Patel

&

Dr. Ruben Gagarin - Child Psychiatrist, Shoniker Clinic

October is ADHD Awareness Month, and CADDRA (Canadian ADHD Resource Alliance) would like to invite you to learn about Attention-Deficit Hyperactivity Disorder as a prevalent condition in children and adults. This presentation seeks to address any questions and concerns that people may have, such as:

- What is ADHD?
- How do I know I have ADHD? Or How do I get my child tested for it?
- What are the risks of ADHD medication? Are there non-pharmaceutical alternatives?
  - What can happen if ADHD is not treated early on?

### Learning Objectives:

- To understand the epidemiology of ADHD in Children & Adults
- To understand the connection between ADHD and the development of other comorbid psychiatric conditions
- To be aware of the risks associated with untreated ADHD
- To understand various management options for Children & Adults

**WHEN:** October 28th, 2015

**WHERE:** Dr. Bruce Johnson Conference Room

Rouge Valley Centenary Hospital

Light refreshments will be provided.

**AGENDA:** 10:00 AM Presentation
