

The top of the page is decorated with several red stars of varying sizes, each with a thick blue outline. The stars are scattered across the top and sides of the page.

WOULD YOU LIKE TO HELP US IMPROVE OUR KNOWLEDGE OF ADHD?

Psychologists at the University of Surrey and Goldsmiths, University of London are looking for parents/caregivers of children aged 8 to 16 years with a diagnosis of **ADHD** to take part in an **ONLINE ONLY** study.

The study will be completed **online** (i.e., there is no requirement for you to visit the University).

In this study, parents/caregivers will be asked to complete four online questionnaires about your child's motor and attention skills. There will then be the opportunity to complete additional sections (this is optional).

To find out more or take part in the study please
contact: jenna.lee@surrey.ac.uk

For more information about the study or if you have any queries about the procedures used, please contact Emily Farran (e.farran@surrey.ac.uk) or Jenna Lee (jenna.lee@surrey.ac.uk) in the first instance. This study has been reviewed by and received a favourable ethical opinion from the University of Surrey Ethics Committee.
