

MHS is looking for volunteers to complete a questionnaire designed to assess adult symptoms of ADHD

Who can participate?

Men age 18+ and Women age 18-24 or 60+ who have been diagnosed with **ADHD**
Men and Women age 18+ who have been diagnosed with **depression, an anxiety related disorder, or substance use disorder**

What does it involve?

Interested participants will sign up using the link provided. A data collection coordinator will contact them via phone to determine if they are eligible to participate and to validate their diagnosis. Eligible participants will be sent a link to an online questionnaire which can take up to 45 minutes to complete.

How will I be compensated?

Eligible participants will receive \$50 upon completion of the questionnaire.

If you are interested in participating in our data collection program you can sign-up at:

<http://surveys.mhs.com/s3/CADDRA>

or contact MHS for more information by emailing Brittany Di Tommaso at

brittany.ditommaso@mhs.com

We are happy to answer your questions!
